gentlemen- would love the opportunity to explore public housing and school partnerships with you both. i think there are ways the health department's connections with both of your institutions could catalyze some interesting work. plus, it would be fun to hang out with both of you :)

dorathy will work with priscilla and mildred to get something on the calendar in the next couple of months.

thx,
danny

Thanks Danny. We are certainly interested in pursuing something along these lines. Let's get together to discuss.

Thanks again,

Hi Damon- hope all is well.

Just read this article and thought it was worth sharing- some interesting examples of how a housing authority and a school system partner to improve educational outcomes.

I know you have some pretty big things on your plate, but if you're interested in pursuing anything along these lines, I'd be happy to think with you to figure out how to make it happen.
